

1. go to <https://code.visualstudio.com/download> and click for windows download

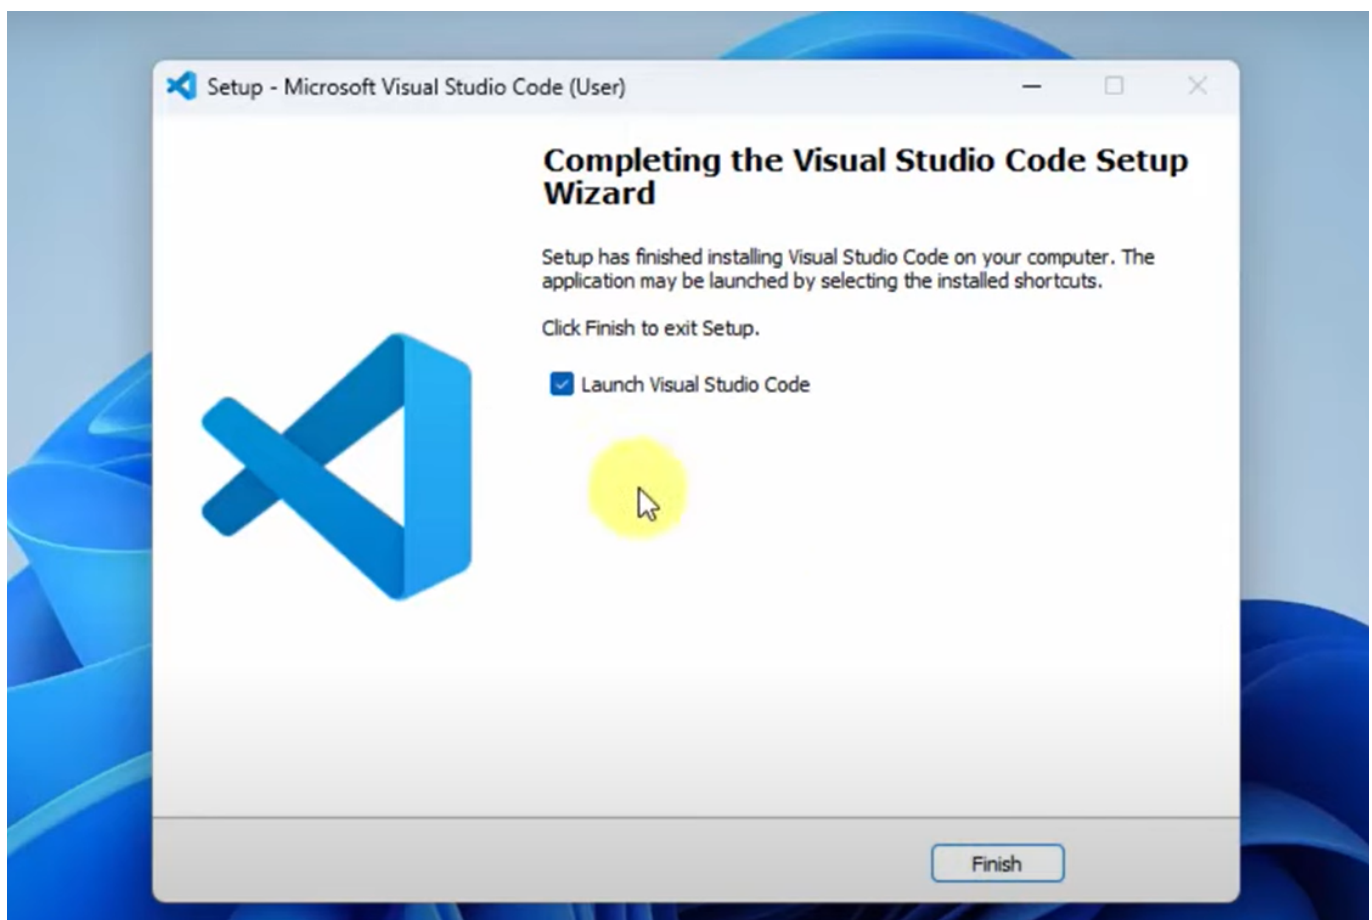

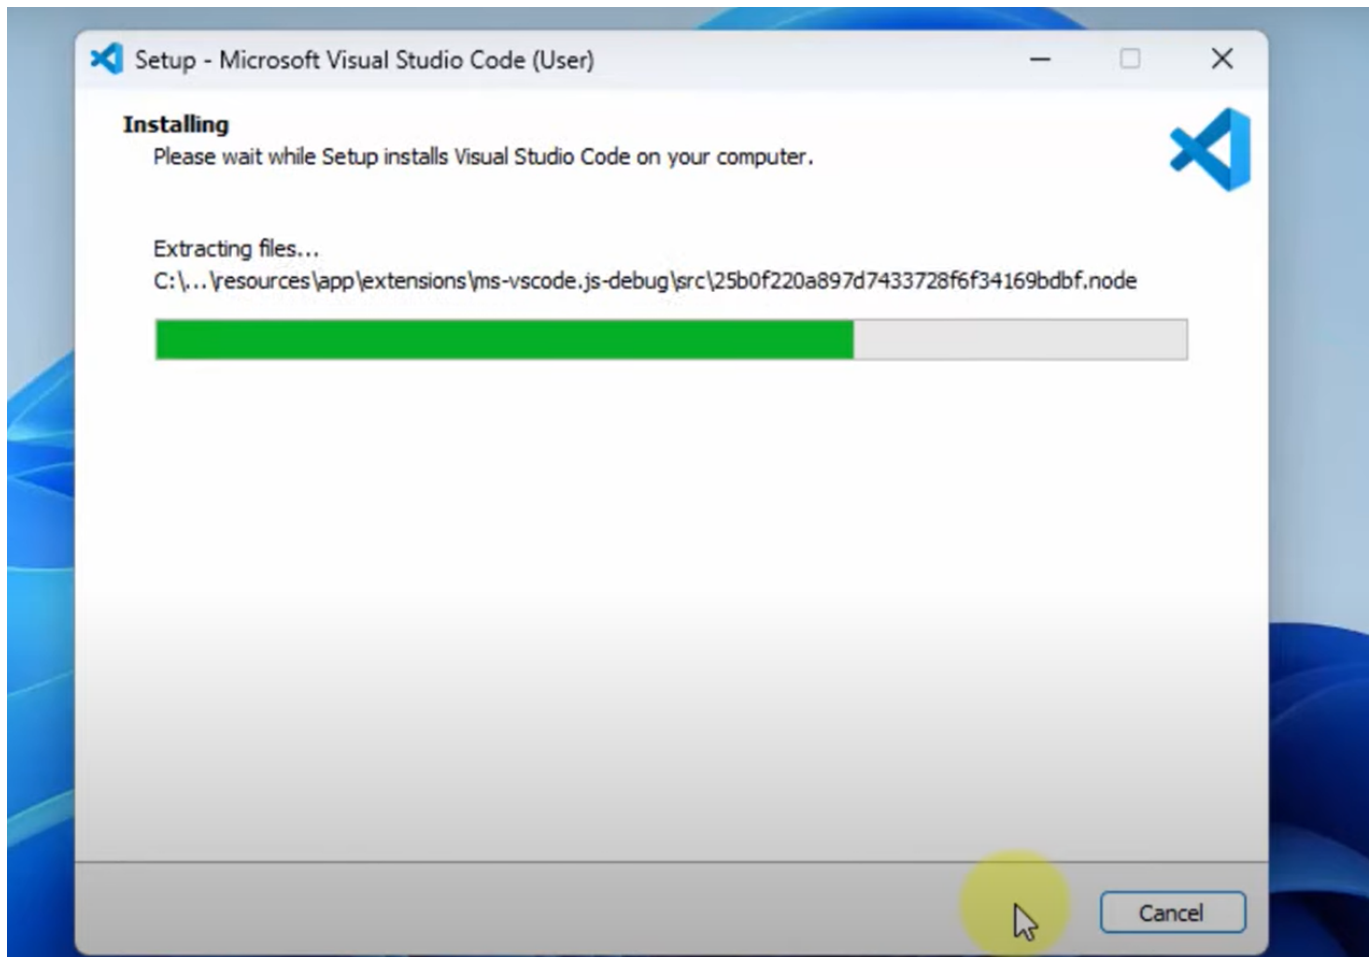

2. double click on the exe file, accept the agreement and click next

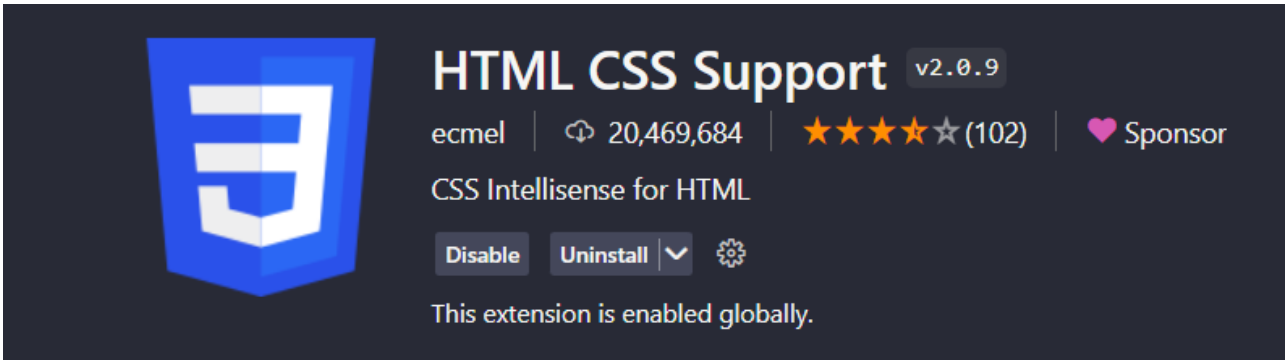

3. click next

### 3. Extensions for vscode

- HTML CSS Support

The interface for the 'HTML CSS Support' extension in VS Code. It features the extension's logo (a blue shield with a white 'E') on the left. To the right, the title 'HTML CSS Support' is displayed in large white font, with the version 'v2.0.9' in a smaller grey box. Below the title, the author 'ecmel' is listed, followed by a download icon and the number '20,469,684'. A star rating of four stars and a half, with '(102)' reviews, is shown next. A 'Sponsor' button with a heart icon is on the far right. The description 'CSS Intellisense for HTML' is centered. At the bottom, there are 'Disable' and 'Uninstall' buttons, a dropdown arrow, and a settings gear icon. A status message at the very bottom states 'This extension is enabled globally.'

**HTML CSS Support** v2.0.9
